|--------------------------------------|-------------------------------------------------|
| Part Number                          | FAN3228CMX                                      |
| Manufacturer                         | Fairchild/ON Semiconductor                      |
| Description                          | IC GATE DVR LOW DUAL 2A HS 8SOIC                |
| Category                             | Integrated Circuits (ICs) > PMIC - Gate Drivers |
| Part Status                          | Require For Quote & Check Stock                 |
| Series                               | -                                               |
| Input Type                           | Inverting, Non-Inverting                        |
| Operating Temperature                | -40°C ~ 125°C (TJ)                              |
| Mounting Type                        | Surface Mount                                   |
| Package / Case                       | 8-SOIC (0.154", 3.90mm Width)                   |
| Supplier Device Package              | 8-SOIC                                          |
| Voltage - Supply                     | 4.5 V ~ 18 V                                    |
| Channel Type                         | Independent                                     |
| Driven Configuration                 | Low-Side                                        |
| Number of Drivers                    | 2                                               |
| Gate Type                            | N-Channel MOSFET                                |
| Logic Voltage - VIL, VIH             | -                                               |
| Current - Peak Output (Source, Sink) | 3A, 3A                                          |
| Rise / Fall Time (Typ)               | 12ns, 9ns                                       |
| Packaging                            | Tape & Reel (TR)                                |
