|----------------------------------------|-------------------------------------------------------|
| Part Number                            | IRFR24N10D                                            |
| Manufacturer                           | Electro-Films (EFI) / Vishay                          |
| Description                            | MOSFET N-CH 100V DPAK                                 |
| Category                               | Discrete Semiconductor Products > Transistors - FETs, |
| Part Status                            | Require For Quote & Check Stock                       |
| Vgs(th) (Max) @ Id                     | -                                                     |
| Technology                             | MOSFET (Metal Oxide)                                  |
| Supplier Device Package                | D-Pak                                                 |
| Series                                 | -                                                     |
| Rds On (Max) @ Id, Vgs                 | -                                                     |
| Power Dissipation (Max)                | -                                                     |
| Packaging                              | Tube                                                  |
| Package / Case                         | TO-252-3, DPak (2 Leads + Tab), SC-63                 |
| Other Names                            | *IRFR24N10D                                           |
| Operating Temperature                  | -55°C ~ 150°C (TJ)                                    |
| Mounting Type                          | Surface Mount                                         |
| Moisture Sensitivity Level (MSL)       | 1 (Unlimited)                                         |
| Lead Free Status / RoHS Status         | Contains lead / RoHS non-compliant                    |
| FET Type                               | N-Channel                                             |
| FET Feature                            | -                                                     |
| Drain to Source Voltage (Vdss)         | 100V                                                  |
| Detailed Description                   | N-Channel 100V Surface Mount D-Pak                    |
| Current - Continuous Drain (Id) @ 25°C | -                                                     |

IRFR24N10D Electronic Components is 100% New Original from YIC Distributor, Search IRFR24N10D Datasheets, PDF, Inventory at Y-IC.com Online, Order IRFR24N10D Electro-Films (EFI) / Vishay with Warrantied and Confidence. Ship by DHL/FedEx/TNT/UPS Express. Support Payment with Telegraphic Transfer(T/T) or PayPal.
